Professional Summary

Passionate and detail-oriented Electronics Engineering graduate with a strong foundation in basic electronics, circuit theory, and embedded systems. Adept at using tools like KiCad and Eagle for schematic capture and layout design. Demonstrated hands-on experience through academic projects involving electronic systems, sensor integration, and custom PCB fabrication. Eager to apply technical knowledge and creative problem-solving in a motivated engineering environment. Committed to continuous learning and contributing to innovative hardware solutions.

Experience

FRESHER

A detail-oriented and motivated Electronics and Communication Engineering graduate from Nadar Saraswathi College of Engineering and Technology, eager to apply academic knowledge in real-world engineering challenges. Possesses a solid foundation in Basic Electronics, circuit design, and embedded systems. Demonstrates strong analytical skills and a passion for innovation, ready to contribute to dynamic teams in the design, development, testing, and maintenance of electronic systems and components.

Education

Nadar Saraswathi College of Engineering and Technology

THENI

B.E

08/2024 - Present

Enthusiastic and self-motivated Electronics and Communication Engineering undergraduate at Nadar Saraswathi College of Engineering and Technology, with a keen interest in electronics, circuit design, and PCB development. Strong academic foundation in analog and digital electronics, signal processing, and embedded systems. Proficient in design tools such as KiCad and Eagle, with hands-on experience in building and testing custom PCBs through academic projects. Eager to contribute to innovative engineering solutions and grow within a forward-thinking organization.

Skills

- Basic Electronics
- Development
- Components
- Motivated
- Communication Skills
- Design
- Electronic Systems
- Hands-on Engineering
- Printed circuit boards (PCB)
- Programming Language

Courses

Analog Electronic Circuits
